

Adoption Application

Thank you for your interest in adopting a LongRun thoroughbred for your next riding partner and new best friend! We have many beautiful and intelligent thoroughbreds waiting to be adopted to their new home, where they will be able to enjoy their retirement from the racetrack.

LongRun horses can be retrained to become excellent riding prospects! We also have many companion (non-riding) horses that are also seeking forever homes!

In order to pair you with your most compatible equine, we ask you to please complete the application below, ensuring that ALL questions are answered to the best of your ability.

Unanswered questions will cause a delay in processing your application.

Once the application has been received, we will be in contact with you to further discuss your application and to arrange a farm inspection of your facility. At this time, we will also be checking references.

Once approved, our adoptions coordinator will be in touch with you to arrange a set time to meet the horses and to work with you to find your perfect match!
